INTRODUCTION
AND
GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories, present to subscribers and the general public, this, the latest edition of the Fayetteville City Directory. (In all, the HILL DIRECTORY COMPANY and its affiliated companies publish more than 1,400 city and suburban Directories).

Confidence in the growth of Fayetteville's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the City Directory is a mirror truly reflecting Fayetteville to the world.

The enviable position occupied by HILL's Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional people and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Fayetteville City Directory will fulfill its mission as a source of authentic information pertaining to the city.

Four Major Departments

The four major departments are arranged in the following order:

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings-a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified city like Fayetteville, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The City Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents, business and professional concerns is the second major department, printed on white paper. This Directory aims to show the name, marital status, occupation and address of each firm and corporation in the city.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner-occupied homes, the listing of telephone numbers, new householder symbols and Zip Codes.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Municipal Publicity

The City Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. The publishers have placed copies of this issue of the City Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Fayetteville.

The Fayetteville Out-of-Town City Directory Library

Through the courtesy of the publishers of the Fayetteville City Directory, a Directory Library is maintained in the offices of The Fayetteville Area Chamber Of Commerce, for free reference by the general public. This is one of many Directory Libraries installed in cities and towns throughout the United States and Canada through the courtesy of your publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional people who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

HILL DIRECTORY COMPANY,
Publishers.

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1 An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2 A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3 A *Classified Business Directory* –listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4 A *"Yellow Section" or Buyers' Guide,* where the advertiser may explain in greater detail the services or products he has to offer.

5 A *Statistical and Historical Story* of your city; plus miscellaneous other information.

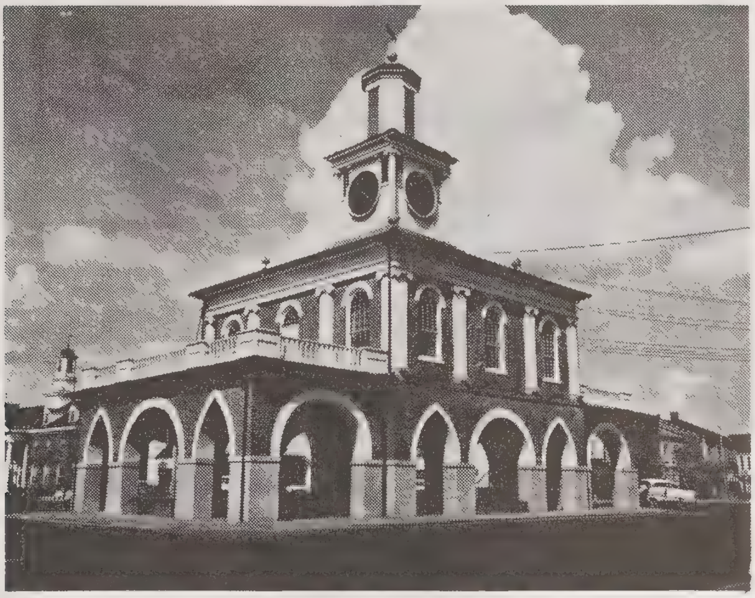
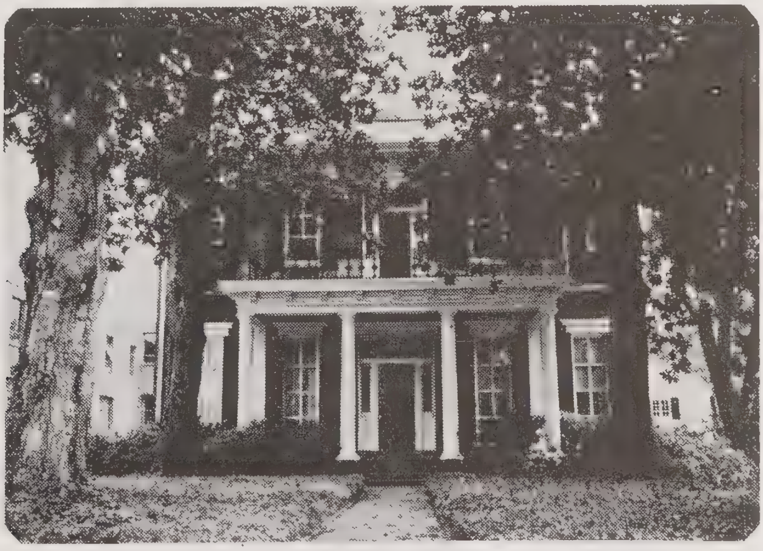
FAYETTEVILLE, NORTH CAROLINA
CITY OF
HISTORICAL HERITAGE



"THE MARKET HOUSE"

The Market House was built in 1838 on the site of an earlier building, the State House, which was destroyed by fire in 1831. The Market House is Spanish-Moorish architecture and was built for use as a town market where farmers brought produce for sale. In 1789, the Market House housed the North Carolina Constitutional Convention at which the Constitution was ratified in the State of North Carolina.



Located in downtown Fayetteville and shaded by great magnolia trees, the Kyle House is an elegant town house of Italianate and Greek Revivial design. The house was built by James Kyle, a prosperous Scottish merchant, around 1838 on the site of the Fayetteville Academy which had burned in the disastrous fire in 1831.

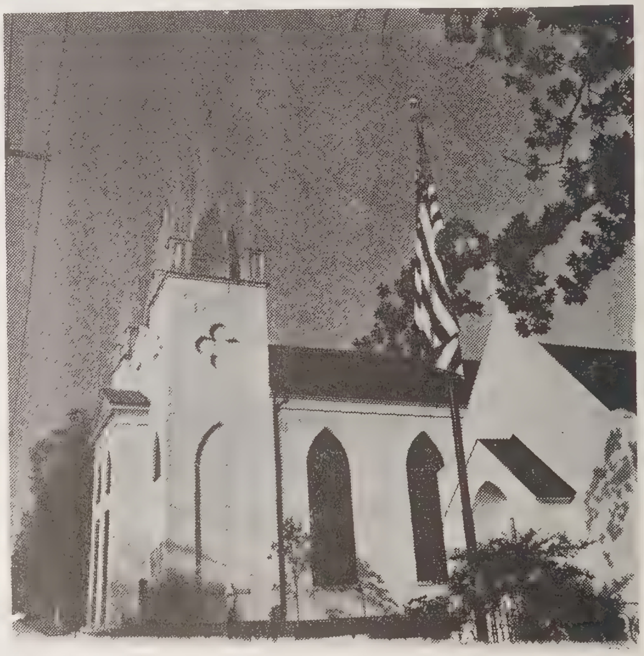
C. 24, 53, 59, 87 and 210, the area presently supports forty-four motels, with others under construction. These have, of course, attracted regional and statewide meetings and conventions of all sizes and types to both the motels and the Cumberland County Memorial Auditorium and Exhibit Hall complex. The latter also serves as an entertainment center for the area throughout the year with its 2,439-seat auditorium and the exhibit hall, both of which are completely air conditioned.

Downtown Fayetteville-Ever Expanding And Growing

Highland Presbyterian Church



St. Johns Episcopal Church

302 Green Street, Fayetteville, NC. has an interesting history dating back to its founding in the first part of the 19th century.

For a while, the land which St. John's now sits on was owned by the Roman Catholics, but it was acquired and used for the First Presbyterian Church in the early 1800's. The Presbyterians decided to move to a more spacious site, and the land and the original building were purchased by the newly-formed congregation of Episcopalians in the spring of 1817. St. John's Church has continued on its original site to the present time.

TRANSPORTATION-Air-Barge-Bus-Rail-Truck-Few areas in the country are served by all these phases of transportation. Being situated geographically as it is, Fayetteville enjoys all of these.

With a constantly expanding modern airport, capable of accommodating most all equipment in use today, Fayetteville becomes more a center of transportation each day for southeastern North Carolina and portions of nearby South Carolina.

Water borne petroleum and liquid fertilizer that move inland ninety miles up the Cape Fear River are competitive into South Carolina and points in Virginia. Tonnage increases annually, and with the completion of flood and water control facilities upstream, should be spurred considerably.

Being situated on the main line of the Seaboard Coast Line Railroad naturally provides splendid service both north and south.

PARKS AND RECREATION-City of Fayetteville maintains 44 parks with areas totaling 460 acres under the direction and supervision of a full-time parks and recreation director, with a year 'round program of activities.

Fourteen miles downstream on the Cape Fear River, on N.C. 87, the U.S. Corps of Engineers maintains a beautiful park adjacent to the William O. Huske lock.

CHURCHES-There are some 200 or more churches in the area, representing most all faiths.

Haymount Methodist Church

RECREATION-Planned and supervised year-round programs for all ages by both city and county recreation and parks departments: tennis, bowling, archery, boating, skating, golf, miniature golf. Over fifty public and private golf courses within an hour's drive. Several public lakes. Diverse transient entertainment attractions, sports events, indoor and outdoor theatres.

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Is there really much difference among life insurance companies?

"Discover the Acacia Advantage."

The greatest challenge of private industry is to reconcile the rising tide of public expectation with reasonable business performance. Today, people demand and deserve fair treatment, full disclosure, and straight answers. A better informed citizenry seeks sound advice and true value in the marketplace. This is all good news for a quality company like Acacia Mutual Life Insurance.

The only life insurance company chartered by an Act of Congress, Acacia has been known and respected as a leader for over 110 years.

We invite you to compare our prices

Based on the government-recommended interest adjusted method of comparing life insurance costs, Acacia's rates are among the very lowest in the life insurance industry today.

Prices do vary depending on age, health and type of insurance, of course. But we're so confident our prices are competitive, we're eager to discuss and compare rates.

Nonsmokers get even lower rates

Acacia offers nonsmokers (people who haven't smoked cigarettes for at least a year) a special premium discount, making rates for them even more attractive.

Plain language and no fine print

In 1978, Acacia introduced a whole new portfolio of life insurance and annuity plans . . . every one written in plain everyday English. All the "legalese" has been cut out, and there's no fine print. In fact, one readability test ranked our policy contracts readable for anyone over the eighth grade level.

Extremely innovative business plans

Several of our new policies offer unusual flexibility that makes them perfect for business life insurance and special situations.

For example, Acacia now has an Exchange of Insureds Rider; it lets the policyowner actually change the person who is insured by the policy (subject to evidence of insurability of the new person, of course). Businesses which insure key people should find this rider very attractive.

Another plan, called "Joint Life," is particularly good for working couples or business partnerships. The plan insures the lives of two people at once, based on an "equivalent age" to establish one single age for rates. This helps keep premiums low. The benefit is paid to the beneficiary of the first to die.

No matter what the situation, Acacia's new flexible policies allow our professional agents to match an innovative plan to it.

It works

All these new programs—and many more—are due to a unique management philosophy at Acacia. We believe in designing insurance programs that meet people's specific needs, not just what we want to sell. And we believe in treating each client with dignity and respect.

It works.

In 1978, Acacia topped a half billion dollars in new life insurance sales . . . an all-time company record of over $518 million in new coverage. Life insurance in force climbed to over $4 billion. Total premium income reached $74.5 million.

Growth pays dividends to policyowners, too. Our 1979 dividends to policyowners and beneficiaries will increase to a record $17.6 million . . . the highest amount ever.

Acacia's total assets grew to over $755 million dollars . . . an increase of $36 million over the previous year.

There *is* a difference in life insurance companies. And Acacia's long history has been a series of "firsts" that distinguish the company as unique in the industry.
